Dec 2	Christmas Party	??	??

This is the UPDATED Ride Schedule, changed at the February 9 meeting in Prunedale. SLY PARK was deleted, as we felt we needed more time to investigate it before planning a club ride there. SKILLMAN was inserted there because it was not open for the season the week we had planned.

If you plan to go to SKILLMAN - June15-20, make your own reservation NOW so you will have the site you want. The Group Area is already reserved, but the other camps are fairly close together, kinda like Wrights Lake. Sites 1 and 7-16 are available for us (unless already reserved). **ASAP** go to the following website:

<http://www.goldcountrytrailscouncil.org/trail-maps--horse-camps.html> for information on the camp. Scroll down to the Skillman section for info on the campsites, such as the size of rig that fits in that spot, maps of campsites and trails and how to make your reservation.

Also, let Mike Pinto (831.236.5974) know if you plan to go and have registered.
